

# New Assignment – August 2021!

The Weaver Family is moving!

## How God's been leading...

Dear Friends,  
God has made it clear through His miraculous ways of confirming His will, that our family is to take a new assignment from the Lord this summer in Northern Virginia. For a few years, God has burdened Brian's heart for the church in America. As we prayed into this, God continued to give Brian dreams and prophetic words. We sensed that God has something for us in America, but were not sure what or where. Brian and I both sensed it may be summer 2021. We learned of a church in McLean, VA that was searching for a senior pastor and felt to inquire. Corona slowed the process down, but God was in control. Just after Easter, Brian and I were able to visit this church and confirm that THIS was in fact God's next assignment. It is with great joy and expectation that we make this transition to the USA from Germany.

*New Life Church Frankfurt – social distancing but full of the Spirit of Jesus and hospitality!*

## Where we are going...

Brian has accepted the position as the new senior pastor of **Holy Trinity Church, McLean, VA** starting **August 2021**. HTC is a vibrant Jesus-loving, biblically-rooted church in the DC metro area. We are very honored to be entrusted with this position and believe that God is calling us to this church “for such a time as this.”

## New Life Church Germany

The hardest part of all this is leaving our beloved New Life Church Family in Germany. We LOVE our people and all that God is doing here. Our team of pastors and our church are incredible. We are only able to make this move because God has raised up incredible pastors and leaders here in Germany. They will continue to carry on the work of church revitalization, church planting, discipleship, reaching the de-churched and un-churched. We have full confidence in those we've raised up and walked along side these last 8 years. They will be sending us out from here into the mission God has for us in this next season.

## Fusion Network

In January 2020, God led Brian to begin the Fusion Network— a network created to bring together church planters and pastors who want to catalyze, collaborate, and connect with one another for the purpose of multiplying healthy church planting movements across America, Europe and Tanzania. Brian will continue to facilitate and lead Fusion as he interacts with the pastors and movements he's had the privilege of pouring into over the last 23 years of international ministry.

## Family

This is obviously a HUGE transition for our family and kids, who have been living in Germany most of their lives. Please pray for us during this time. Pray for our kids as they come into a new culture, church, school, and friendships. Pray for Abbie, Nate, and Gabe as they leave their wonderful church friends, schools and neighborhood friends here in Germany. We have been so blessed by God in our time here. Each one of us is leaving behind a part of our hearts.

Pray for us as we sell all of our belongings (again), pack up our lives and household, and make the big trip to a new home, new assignment from the Lord, and new life in the greater DC area.

## Giving

Strategic Global Impact, as a non-profit organization and missions mobilization ministry, will continue to exist to serve, support, and advance the evangelistic and church planting works and pastors in both Germany and Tanzania through our Fusion Network. If you would like to continue to be an ongoing support to the work, we are grateful for it. Brian and I will no longer be taking a salary from SGI, therefore, freeing up more funds to go to the church planters and works we support.

We will continue to be serving, mentoring, visiting, and stewarding the New Life Churches in Germany, as well as the Brownsville International Churches in Tanzania through Strategic Global Impact and the Fusion Network. We look forward to the days to come as God continues to expand His Kingdom in the nations.

All donations are tax deductible. Strategic Global Impact is a 501(c)3 non-profit organization registered in the Commonwealth of Virginia.
